

UNE BRÈVE HISTOIRE DU TEMPS

Produced by

THÉÂTRE DU RENARD

Presented by

THÉÂTRE DE LA VIEILLE 17

THE SCIENCE TEACHER YOU WOULD HAVE DREAMED IN HIGH SCHOOL !

Each star tells us about the past of the universe. No one can travel at the speed of light. Nothing is ever sitting still.
Wait. What's a rubber ducky doing in this story?

Inspired by the work of astrophysicist and science popularizer Stephen Hawking, Théâtre du Renard presents a bold adaptation of his bestseller, A Brief History of Time, in the witty and playful style that characterizes object theatre.

YOUR CHANCE TO UNDERSTAND (AT LAST!) THE FAMOUS E=MC² !

CREDITS

Created and performed by Antonia Leney-Granger
